What is Love INC?

Love in the Name of Christ is a ministry outreach that partners with local churches, volunteers, community organizations, agencies and businesses to help people in need. Through Love INC, churches and individual Christians come together across denominational lines to provide help to those facing a life crisis or with an immediate need such as food, clothing, mortgage and utility assistance or another emergent necessity.

Through Love INC, I have the means to assess the true need. They can provide resources through a network of organizations whose business it is to help people in need. It takes the responsibility out of my hands and puts it into the hands that have knowledge to deal with it. Love INC has a compassionate and listening ear to help them through.”
